

Claim 17, line 1, change "claim 1" to --claim 8--.

Please add new claims 18 and 19 as follows:

18. (New) The method according to claim 6, wherein the location of the terminal is determined based on the location management of the mobile communications system.

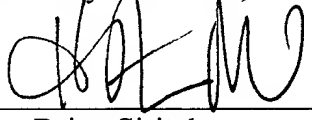

19. (New) The server according to claim 9, wherein the server is arranged to send information from the direction of the other telecommunications system to the terminals in a plurality of short messages, if the content of the information exceeds the length of one short message.

REMARKS

Prior to consideration of this application on its merits, entry of the above amendments to the claims is respectfully requested. Upon entry of this Supplemental Preliminary Amendment, claims 1-19 are pending.

Applicant respectfully submits that this case is in condition for allowance, and early action indicating such is solicited.

Respectfully submitted,
